The Company may invest in fixed-price forward funded developments, provided they are pre-let to an acceptable tenant and full planning permission is in place. The Company will not undertake any direct development activity nor assume direct development risk.

The Company is targeting a minimum annual dividend of 5 pence per ordinary share, starting from the financial period commencing 1 April 2018, with the potential to grow the dividend in absolute terms through upward-only inflation-protected long-term lease agreements, and is targeting a net total shareholder return of 8 per cent. plus per annum over the medium term¹.

The Company, a real estate investment trust ("REIT") incorporated in England and Wales, is listed on the premium listing segment of the Official List of the UK Listing Authority and was admitted to trading on the main market for listed securities of the London Stock Exchange in February 2017.
